## POTPOURRI

### Department of Public Safety and Corrections Oil Spill Coordinator's Office

#### Draft Damage Assessment and Restoration Plan/Environmental Assessment for the Breton Island 2005 Oil Spill and Restoration Project

**ACTION:** Notice of Availability of a Draft Damage Assessment and Restoration Plan/Environmental Assessment (DARP/EA) with a 30-day public review and comment period—LOSCO NRDA case file LA2005\_0612\_1105 (Breton Island 2005).

**AGENCIES:** Louisiana Oil Spill Coordinator's Office, Department of Public Safety and Corrections (LOSCO); Louisiana Department of Environmental Quality (LDEQ); Louisiana Department of Natural Resources (LDNR); Louisiana Department of Wildlife and Fisheries (LDWF); Louisiana Coastal Protection and Restoration Authority (CPRA); and the U.S. Department of the Interior (DOI), represented by the U.S. Fish and Wildlife Service (USFWS), collectively referred to herein as the "Trustees".

**AUTHORITIES:** The Oil Pollution Act of 1990 (OPA), 33 USC 2701 *et seq.*, and the Louisiana Oil Spill Prevention and Response Act of 1991 (OSPRA), La. Rev. Stat. 30:2451 *et seq.*, are the principal federal and state statutes, respectively, authorizing federal and state agencies and tribal officials to act as natural resource trustees for the recovery of damages for injuries to trust resources and services resulting from oil spill incidents in Louisiana. OPA implementing regulations may be found at 15 C.F.R. Part 990 and OSPRA regulations at La. Admin. Code tit. 43, pt. XXIX. In accordance with OPA, OSPRA, and the regulations, the Trustees have conducted a Natural Resource Damage Assessment (NRDA) for the June 12, 2005 crude oil discharge into Breton Sound, Plaquemines Parish, Louisiana (Incident). Hess Corporation (HESS) was identified as the responsible party for the incident.

**SUMMARY:** Pursuant to 15 C.F.R. §§ 990.23, 990.55 and La. Admin. Code 43:XXIX, Chapter 1, notice is hereby given that a document entitled, "Draft Damage Assessment and Restoration Plan/Environmental Assessment for the Breton Island 2005 Oil Spill and Restoration Project" is available for public review and comment. The Draft DARP/EA identifies the natural resources and services that were determined to be injured by the incident, describes the assessment procedures used to quantify injury, outlines the scaling techniques and restoration alternative selection process, and presents the Trustees' proposed plan to restore natural resources or services equivalent to those lost as a basis for compensating the public for the injuries to natural resources resulting from the Incident. The Draft DARP/EA evaluates restoration alternatives that the Trustees considered and identifies the Trustees' preferred restoration alternative, which is to create Brown Pelican habitat on North Breton Island, Louisiana. After finalization of the Draft DARP/EA, the Trustees will prepare a Final Damage Assessment and Restoration Plan/Environmental Assessment (Final DARP/EA) and make it available to the public.

The Draft DARP/EA is available to the public for a 30-day comment period, which will begin on the date of this public notice announcing availability of the document for public review. The Trustees invite the public to review this document and submit comments to the mailing or email address listed below. The Trustees will consider comments received during the public comment period before finalizing

the document. Public review of the Draft DARP/EA is consistent with all federal and state laws and regulations that apply, including Section 1006 of OPA, 33 U.S.C. § 2706; the OPA regulations, 15 C.F.R. Part 990; Section 2480 of OSPRA, La. Rev. Stat. 30:2480; and the OSPRA regulations, La. Admin. Code tit. 43, pt. XXIX, *et seq.*

Interested members of the public are invited to view the Draft DARP/EA via the internet at <http://www.losco.state.la.us> (look under Newsflash/current news for Breton Island 2005 Draft Damage Assessment and Restoration Plan/Environmental Assessment Available) or by requesting a copy of the document from Gina Muhs Saizan at the following address:

**COMMENT SUBMITTALS:** Comments must be submitted in writing or digitally to Gina Muhs Saizan to the above address on or before the end of the 30-day comment period.

**FOR FURTHER INFORMATION:** Contact Gina Muhs Saizan at (225) 925-6606 or by email at [gina.saizan@la.gov](mailto:gina.saizan@la.gov).

**SUPPLEMENTARY INFORMATION:** On November 20, 2006, the Trustees published a Notice of Intent in the *Louisiana Register* (Vol. 32, No. 11, pp. 2192-2193) to notify the public that they intended to conduct restoration planning for the Incident and develop restoration alternatives that would restore, replace, rehabilitate, or acquire the equivalent of natural resources injured and/or natural resource services lost as a result of the Incident. In November 2018, Hess agreed to settle their NRDA liability for a cash amount, and the Trustees published a Notice of Availability of a proposed Consent Decree for Natural Resource Damages in the *Louisiana Register* on November 20, 2018 (Vol. 44, No. 11, pp. 2094-2095). The Trustees did not receive comments during the 30-day public comment period, and on March 15, 2019, the United States District Court for the Eastern District of Louisiana signed and entered the Consent Decree. A signed copy of the Consent Decree is available via the internet at <http://www.losco.state.la.us> (look under Newsflash/current news for Breton Island Consent Decree).
